November, 2016

Dear _____,

We are glad of your interest in doing the Hope Alive Level I training from March 3rd through 11th, 2017. If you need more information or if there are specific or general questions you need to have answered, please do not hesitate to ask. If you are ambivalent, you are not the only one. It is a big commitment, but don't forget counselors who deal with child abuse and pregnancy losses are desperately needed.

We discovered that those who mistreated as children are more likely to choose to have an abortion. Those who had an abortion are more likely to abuse and neglect their children. The combination of mistreatment and abortion results in deeper and more long lasting damage than any other trauma I know. Hope Alive was designed to deal with both aspects. It is the only counselling program to do so. Moreover, I believe Hope Alive is the only post abortion program that has statistically confirmed and scientifically published very good results. What is most important is that there are millions of women and men and children who are suffering and need people like you right now.

We need to make a final count of trainees so please fill in and send your application asap. As soon as you are accepted for training and have paid your deposit, a place will be reserved for you. To make it easier to pay the tuition, we have a time-payment plan. If you would find it easier at a later date, we have another training April 27th through May 6th, 2017. Please let us know either way.

God bless,

Philip G. Ney
President Mount Joy College
