

HOPE ALIVE TESTIMONIALS

Hope Alive is so needed in our world. I have witnessed God work in and through people by using the Hope Alive group therapy; it has been intricately put together using biblical principles.

Lynn Varty, Hope Alive Counsellor, Perth, Australia

I am facilitating a group with Orpah and learning a lot of lessons. Every time the session ends we have our discussion and learning time. I am amazed on how the research you did and the people's sharing became real. One of the sessions we had few weeks ago opened my eyes why group counseling is good. I had my "Aha" moment; I truly appreciate this kind of counseling where the group learn from each other. I am also amazed on how my readings and the actual situation matches, meaning when the counselee shares their experiences and stories; most of the time if not all the time, it's true with what you have written down in the manual. Every time before I come for counseling, I read the session that refreshes me, and I am thankful for your hard work and research. I highly regard you for your contribution in putting up the manual so profound and complete for facilitators like me, learner and inexperienced yet I can just go back to the book anytime without a doubt. I would like to say THANK YOU for your labor, I pray that the Lord will continue to bless you and use you; the Lord will bring more counselees to help change the broken lives to bring transformation through counseling.
