

MOUNT JOY COLLEGE

HOPE ALIVE LEVEL 1 TRAINING

WHO?

Mount Joy College provides training in Hope Alive counselling. The world's greatest need is many millions of women, men and children who are deeply damaged by a combination of childhood mistreatment and abortion. We train people to provide group counselling with this carefully monitored, proven program.

WHY?

Literally millions of people are suffering the effects of unresolved pregnancy losses, past childhood mistreatment and being an abortion survivor. Some of the symptoms are depression, nightmares, chronic anxiety, obsessive symptoms, repetitive relationship breakdowns, existential guilt, substance abuse, phobias and hopelessness.

WHAT?

Hope Alive Counselling has good scientifically verified, published outcomes and is used worldwide. The course is theoretical, practical, intensive and experiential. You must be willing to learn about yourself and complete essential exercises including writing and mailing some of your letters of reconciliation. When you complete the training successfully, you will be invited to write an examination. When you have passed, signed the Commitment to Professional Conduct, a statement of ethics and a basic Christian statement of belief, you will be qualified to use the detailed Hope Alive Manual and provided supervision.

AT A GLANCE

WHERE

Mount Joy College is atop a small mountain near **Victoria, British Columbia, Canada.**

WHEN

August 12-19, 2025

MEET OUR TRAINERS

LYN VARTY

Lyn is a well sought-after Christian Counsellor, and the owner and Managing Director of Connections Healthcare Centre and Counselling and Psychology services across Perth. Lyn has over 32 years' experience helping people through difficult and complex life circumstances. Lyn brings a wealth of personal and professional experience into a therapeutic setting.

In 2008, Lyn Varty trained in Hawaii and pioneered Hope Alive Group Therapy in Perth in 2009. Lyn manages and coordinates Hope Alive Australia and New Zealand. She is a trained Hope Alive counsellor, supervisor, and trained in Serbia as a Hope Alive Trainer.

DR. ORPAH MARASIGAN

Orpah trained with Hope Alive as a counselor, supervisor, and trainer from 1999 to 2001. She helped start Hope Alive in the Philippines and Asia in 2000. Since then she has run more than 30 Hope Alive Groups in the Philippines. She has worked closely alongside Drs. Philip and Marie Ney training Hope Alive counselors in countries throughout Asia, Africa, Europe, and Northern America.

Dr. Marasigan is a retired Doctor of Veterinary Medicine (1984). At present, she serves as Campus Crusade for Christ International Global Leader Strategies Regional Leader for Southeast and South Asia.
