The **Society of Centurions Int'l (SOCI)** is exclusively composed of medical and ancillary personnel who at one time directly contributed to abortions but have now stopped. It is a registered non-profit, interdenominational society whose purpose is to guide those who have given up any involvement in abortions thru a critical change in their life and thinking. They now want to use their lives and use skills to enhance and promote life. Generally they find this is easier said than done.

The SOCI meets so ex abortion providers can exchange life stories, examine what happened to them and why, learn from their painful experiences and discover joy and purpose. If you have never joined with us, you missed a unique and growing experience. If you have been, there is always something new. This year we will focus on what healing needs to happen in you before you can effectively minister to others. We want to help you discover what is the forum for the most effective use of your talents and experience.

Of course God forgives any time you sincerely ask but He doesn't necessarily suspend the consequences of our wrong choices. Healing is generally slow and painful but together with the experience of those who have gone before you, we can help. Restoration is our primary purpose and we hope at this time it is yours also.

Book now for a unique growing experience: accommodation and tuition, \$ 950 Cdn. We can provide transportation to the College from the international airport and the ferry terminals in Victoria.

Please refer to us anyone you know that could benefit. If you cannot come yourself, please help with a donation, those who would like to come from some impoverished country or are without a job at present.

If you have any questions, feel free to write, email or phone.
